

NJ Phillips Pty Ltd

Animal Health Product Guide

njphillips  com

A Datamars brand

A long and continuing history of working with agriculture

With almost 90 years of experience in the animal health industry, NJ Phillips' focus has always been toward the future, and today that tradition continues to strengthen as NJ Phillips looks further to the future as part of the Datamars global group of companies.

We offer the use of custom colour options* to our customer's to help enhance their brand and products, making them instantly recognisable within the marketplace. Other customising options include logo printing instruments, packaging designs, and instructional leaflets, which can be written into the appropriate language for your market, we can cater to our customer's needs.

NJ Phillips solutions are built on genuine innovation and trusted ability to deliver. With a long history in pharmaceutical delivery, we have an applicator to suit your needs.

NJ Phillips...providing solutions for all your application needs

Animal Health Equipment Range

Injector Range

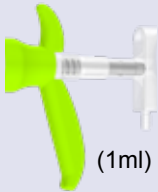

Disposable Injector Range

'F-Grip' Injector Range - Plastic

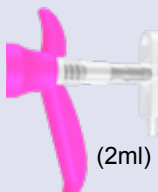

Code: PAS817 (1ml)
Code: PAS818 (3ml)
Code: PAS819 (5ml)
Code: PAS820 (10ml)

For use with a wide variety of injectable solutions.
No service kits available.

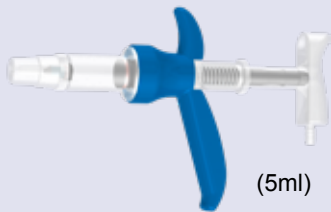

(1ml)

(2ml)

(3ml)

(5ml)

Handy Plastic Syringe

Code: PAS1199 (1ml), PAS1200 (2ml), PAS1203 (3ml) & PAS1204 (5ml)

Packaged in a convenient box of ten units.
No service kits available.

Metal Injector Range

Automatic Injector Range with Bottle Attachment - Metal

Code: PAS685 (1ml)
Code: PAS687 (2ml)
Code: PAS265 (5ml)

Robust precision instrument for the mass treatment of livestock. 1ml calibrated to administer in 0.1ml increments, 2ml calibrated from 0.5ml-2ml, 5ml calibrated from 0.5ml - 5ml.

Major Kits: WX749 (1ml), WX750 (2ml), WX1778 (5ml)

Minor Kits: WX1118 (1ml), WX1062 (2ml), WX1777 (5ml)

0.5ml Poultry Injector - Metal

Code: PAS985

Precision instrument for the mass treatment of poultry. Calibrated to administer in 0.1ml increments.

Major Kit only - WX1380

Automatic Injector Range - Metal

Code: PAS564 (1ml)
Code: PAS686 (2ml)
Code: PAS1198 (5ml)

Major Kits: WX749 (1ml), WX750 (2ml), WX111 (5ml)

Minor Kits: WX1118 (1ml), WX1062 (2ml), WX1061 (5ml)

Vitamin ADE Kit: WX610 (5ml only)

'VaxMaster' Injector - Metal

Code: PAS1099 (5ml)

Code: PAS954 (10ml)

Compact and sturdy design for high volume injections.

Major Kits: WX1817 (5ml) & WX1936 (10ml)

Minor Kit: WX1810 (5ml) & WX1935 (10ml)

Plastic Injector Range

Push Injector - Plastic

Code: PAS1148B (2ml)
Code: PAS1149B (5ml)

To suit standard 20mm neck vaccine bottles.

Major Kit: WX1560 (2ml) & WX1561 (5ml)

Fixed Dose 'V-Grip' Injector Range with Bottle Attachments

Code: PAS1390 (1ml)
Code: PAS1391 (2ml)
Code: PAS1392 (5ml)
Code: PAS1393 (12.5ml)

Major Kits Only: WX1754 (1ml), WX1755 (2ml), WX1756 (5ml) & WX1757 (12.5ml)

Powermaster Range

'V-Grip' Injector Range - Plastic

Code: PAS1379 (1ml)

Code: PAS1380 (2ml)

Code: PAS1381 (5ml)

Code: PAS1382 (12.5ml)

Lightweight, ergonomic design for use with a wide variety of injectable solutions. Bottle attachment models available.

Major Kits Only: WX1754 (1ml), WX1755 (2ml), WX1756 (5ml) & WX1757 (12.5ml)

15ml Dial-a-Dose Injector - Plastic

Code: PAS1263

Variable fixed dose at 0.5ml increments.

Minor Kit Only - WX1695

Repeater Range

Repeaters draw straight from a vaccine bottle or pouch and require no feed tube or backpack.

Ezi-Grip Repeater - Metal

Code: PAS790 (25ml)

Code: PAS385 (50ml)

5 x O-Rings Service Kit: WX1434 (25ml) & WX1433 (50ml)

Cylinder Kit with O-Rings: WX999 (25ml) & WX1111 (50ml)

Pistol Grip Repeater - Plastic

Code: PAS802 (25ml)

Code: PAS803 (50ml)

5 x O-Rings Service Kit: WX1434 (25ml) & WX1433 (50ml)

Major Kit Only: WX999 (25ml) & WX1111 (50ml)

Powermaster applicators are designed for the ease of mass treatment of livestock through the use of LPG and or compressed air.

Powermaster Injector

Code: P15G-INJ (Gas)

Code: P15A-INJ (Air)

Relaxed, ergonomic hand grip minimises fatigue and hand strain.

Powermaster Pour-On

25ml or 50ml capacity. Accurate dose delivery and able to administer a full variety of animal health products.

Powermaster Drencher

25ml or 50ml capacity, multiple use with sheep or cattle nozzles, fixed or floating hooks. Quick refill action.

Drenchers

Automatic Drenchers

These instruments draw directly from a container by way of a feed tube.

Lamb Drencher - Metal

Code: PAD1508 (8ml)

Code: PAD1322 (10ml)

Handles all lamb drenchers.

Major Kit: WX1726 (10ml) &

WX1900 (8ml)

Minor Kit: WX1725 (10ml) &

WX1899 (8ml)

20ml Drencher - Metal

Code: PAD1232

High quality metal drencher with sheep nozzle.

Code: PAD1232C

PAD1232 complete with 2.5 litre backpack.

Code: PASD1232

PAD1232 complete with injection attachment and cattle nozzle.

Major Kit: WX1618

Minor Kit: WX1617

Injection Kit: WX1349

Injection attachment -
Not to scale.

30ml Automatic Sheep - Metal

Code: PAD9

High volume, high quality sheep drencher.

Code: PAD84C

PAD9 complete with 2.5 litre backpack.

Major Kit: WX1325

Minor Kit: WX1324

Luer Attachment Kit: WX1647

30ml Automatic Sheep Drencher - Plastic

Code: PAD918

A high volume, plastic repairable sheep drencher.

Major Kit: WX1329

Minor Kit: WX1328

Luer Attachment
Kit: WX1647

25ml Variable Drencher - Plastic

Code: PAD778

An economical drencher for use with most oral drenches.

Minor Kit Only: WX1610

12.5ml Plastic Multidoser

Code: PAD1027

Will suit 500ml & 750ml bottles. Easy refill bottle for the efficient administration of products, no feed tube required.

Major Kit Only: WX981

20ml Repairable Drencher - Plastic

Code: PAD569

This repairable drencher is an economical alternative to the metal instruments.

Major Kit: WX1491

Minor Kit: WX1490

12.5ml Sheep Drencher - Plastic

Code: PASD721

Robust plastic construction.

Dual use as a low volume drencher or

as a high volume injector.

Minor Kit: WX1179

Major Kit: WX1154

60ml Automatic Cattle Drencher - Metal

Code: PAD87

High quality, high volume cattle drencher.

Code: PAD76C

PAD87 complete with 2.5 litre backpack.

Major Kit: WX1327

Minor Kit: WX1326

60ml Automatic Cattle Drencher - Plastic

Code: PAD826

A high volume, plastic repairable cattle drencher.

Major Kit: WX1331

Minor Kit: WX1330

Pour-On & Jetting

Non-Automatic Drenchers

These instruments draw a single dose directly from a container, by way of the nozzle.

30ml Non-Automatic Drencher - Plastic

Code: PNA921

Single dose drencher for treating small numbers of animals

Major Kit: WX1337

Minor Kit: WX1336

60ml Non-Automatic Drencher - Plastic

Code: PNA922

Single dose drencher for treating small numbers of animals

Major Kit: WX1339

Minor Kit: WX1338

150ml Non-Automatic Drencher - Plastic

Code: PNA506

Single dose drencher for treating small numbers of animals.

Major Kit: WX1077

Minor Kit: WX1074

These instruments draw directly from a container by way of a feed tube.

25ml T-Bar Pour-On - Plastic

Code: PAM1313

Designed for a wide range of pour-on products.

Service Kit: WX1611

25ml Fan Spray Pour-On - Plastic

Code: PAM754

An economical instrument for use with most pour-on products.

Minor Kit Only: WX1611

30ml Fixed Dose Pour-On - Plastic

Code: PAM1038

Specifically designed for a wide range of pour-on products.

Major Kit: WX1442

Minor Kit: WX1441

65ml Automatic Pour-On - Plastic

Code: PAM908

Repairable instrument designed for a wide range of pour-on products.

Major Kit Only: WX1482

65ml Acatak Pour-On - Plastic

Code: PAM1589

Specifically designed for use with extremely harsh chemicals.

Service Kit: WX1485

Dutjet Jetting Handpiece

Code: PM675

Unique instrument for quick and accurate hand jetting of sheep. Easy to clean and maintain.

Handle Assembly: WX1588

Green Industry Product Guide

Application equipment for forestry,
horticulture, agriculture, arborists
and weed control.

Green Industry Products

Alphabetically referenced Nozzle Kits to suit Green Industry range can be found on pages 7 & 8.

Forestry Injectors

These instruments draw directly from a container by way of feed tube.

Spot Spray Injector - Plastic

Code: PAM1378

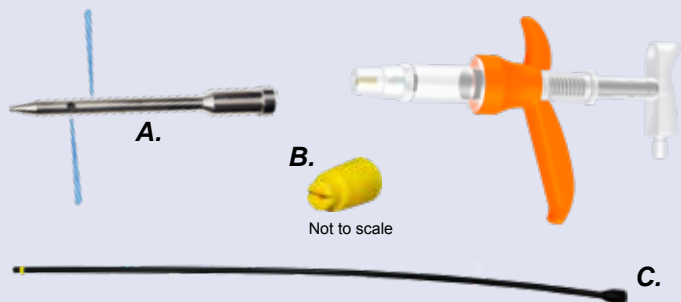

Designed with a chemical resistant cylinder. Compatible with most agricultural products. Graduated from 1ml - 5ml.

Nozzle Kits (sold separately)

A. 2 Hole Spear Nozzle - length 75mm: WX1412

B. Pack of 5 Micro-Fan Tips: WX1765

C. Microjet Flexible Spray System Nozzle: WX1748

5ml Tree Injector Model 08 - Metal

Code: PAS118

Code: PAS37C - PAS118 complete with 2.5 litre backpack

Chemical resistant cylinder graduated 1m-5ml, compatible with most agricultural products.

Metal 5ml cylinder SM792 available on request.

Nozzle Kits (sold separately)

Service Kits:

Major Kit: WX110

Minor Kit: WX260

12.5ml Tree Injector - Plastic

Code: PAM1005

Able to inject the stem of soft tissue trees like bananas.

Also for soil injection in nursery pots.

Adjustable dose setting.

Cylinder Service Kit: WX1410

Banana Injectors

All banana applicators come complete with spear (G) and brace

4ml Injector - Plastic

Code: PM1165

4ml metal cylinder suitable for diesel, banana and other soil injectable products, available on request.

Nozzle kit to fit spear: F (sold separately)

Major Kit: WX1576

20ml Manual Injector - Plastic

Code: PM1166

Nozzle kit to fit spear: F (sold separately)

Major Kit: WX1570

Minor Kit: WX1569

25ml Powered Injector

Code: PM1160

Australian air and gas fittings standard.

Other countries air and gas fittings available on request.

Nozzle kit to fit spear: F (sold separately)

Minor Kit: WX1548

Cylinder Assembly Kit: WX1568

Forestry Applicators

These instruments draw directly from a container by way of feed tube.

4ml Velpar Spotgun

Code: EAM602C

Complete with 5 litre backpack.

In Australia exclusively through Macspread.

Enquiries please call (07) 3274 3443.

Overseas enquiries to njp1@njphillips.com.au

Major service kit (WX337), 4ml cylinder (SM796), spear nozzle (WX777) all available direct through NJ Phillips.

20ml Forestry Applicator - Metal

Code: PAM797 comes with WX1549 stream splatter nozzle (M)

Compatible with most agricultural products. Graduated in 1ml increments.

Nozzle Kits (sold separately):

** I, J, K, L, M, N, O, P, Q.*

Please note: N&O fit H&I only.

Major Kit: WX1444

Minor Kit: WX1364

50ml Forestry Applicator

Code: P50P-F comes with WX1549 stream splatter nozzle (M)

Australian air and gas fittings standard with P50P-F. Other countries air & gas fittings are available on request.

Nozzle kits (sold separately):

I, J, K, L, M, N, O, P, Q.

Please note: N&O fit H&I only.

Major Kit: WX1788

Minor Kit: WX1787

Within the carry box you will find...

Gas regulator available in Primus fitting & POL (Prest-O-Lite) fitting.

Green Industry Nozzle Kits

Length 45mm (2")

P. Cone Nozzle

Durable and precise design

Code: WX1734

Length 75mm (3")

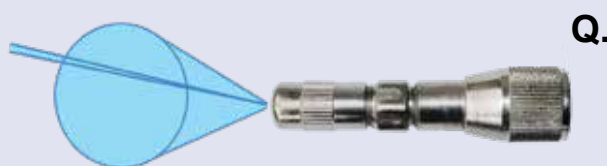

Q. Adjustable Cone Nozzle

Durable and precise design

Code: WX1733

Length 70mm (3")

NJ Phillips Range Accessories

Slapstick

Code: SXM528A

Unique head design allows for straight or 90° angle injection for hard to reach injection sites.
Fits all NJ Phillips injectors.

Backpack Holder

Code: SP1009

Easily adjustable with comfortable padded shoulder straps, and a gas bottle pouch this holder will accept a backpack in an upright or inverted position.

Backpacks Rigid

Code: WX46 - 2.5 Litre

Code: WX185 - 5 Litre

Includes draw-off cap to suit 6mm (1/4") and 9mm (3/8") bore feed tubes, along with straps and feed tube adaptor kit.

Lubricant

Code: WX1510

Packet of 2 x 15ml bottles of NJ Phillips lubricant, recommended for use with NJ Phillips instruments.

Holsters

Supplied with belt.

Allows for easy storage of an applicator.
Suitable for left or right handed users.

Code: WX1478 (Material)

*Instrument not included

Code: WX997 (Plastic)

*Instrument not included

Backpacks Fully-Collapsible

Code: SP1212

Includes caps to suit 6mm (1/4") and 9mm (3/8") bore feed tubes, along with straps.

Flexible Needle Extension

Code: WX1639

With 800mm (31") of tubing you'll have greater flexibility and control, especially when injecting into the neck of an animal. Fits luer mount injectors.

Instrument and needles sold separately.

Luer Lock Needles (12 per packet)

Code: WX1508

16G x 1/4"

Code: WX1175

16G x 1/2"

Code: WX1509

18G x 1/4"

Code: WX1177

18G x 1/2"

Code: WX1609

16G x 1"

Gas Bottle

Code: SXM427

Gas Regulator

Code: SXM476

Suits 0.34kg LPG bottle. Available in Primus fitting & POL (Prest-O-Lite) fitting.

Draw-Offs

Code: WX1606

Metal spigot with 4mm (3/16"), 6mm (1/4") barb.

Code: WX1155

Combination upright and inverted draw-off. Suits 2.5 litre and 5 litre containers with 6mm (1/4") or 9mm (3/8") feedtube.

Draw-Off Caps (Pack of 2)

Code: WX230
